- INTERIOR & EXTERIOR APPLICATIONS

Our unique coating system utilize an Alkyd Oil base coat, high-solids, high-hiding primer, then a 100% acrylic, low VOC topcoat designed to protect, seal and block out water soluble bleeding, staining and yellowing that may be found in the specie of Eastern White Pine.

**Our EWP PFJ** comes in lengths of 12' and 16' available in 4/4 and 5/4 thicknesses, as well as a variety of patterns.

## FINGER JOINT EWP BOARDS & PATTERNS

## MULTI-COAT EASTERN WHITE PINE

**Warren Trask** includes a paint system designed specifically for the complexity of properly priming Eastern White Pine lumber

Our unique coating system utilize an Alkyd Oil base coat, high-solids, high-hiding primer, then a 100% acrylic, low VOC topcoat designed to protect, seal and block out water soluble bleeding, staining and yellowing that may be found in other Eastern White Pine trim and patterns.

This important feature is what separates us from other EWP pre-primed trim boards.

## Gets the job done!

**Warren Trask EWP PFJ** is the most advanced interior or exterior, non-treated wood trim board available...

**ARTB** utilizes the best sustainable renewable wood fiber available today, American Eastern White pine from *NeLMA mills*, with natural decay resistance that has been proven viable on building construction for centuries. There are many examples of siding, trim, windows, doors and cabinetry still exist today on homes over 200 years old in the northeast!

- Expertly manufactured using the finest modern equipment and the vision to achieve the highest quality standards possible.

## Time Tested...

Just like the *Warren Trask Company*, Pre-primed Eastern White Pine FJ
