7/8" DOUGLAS-FIR S1S2E

**DOUGLAS-FIR TIGHT KNOT APPEARANCE
KD S1S2E ROUGHERHEAD BOARDS**

Introducing an alternative to rustic siding & trim...

Doug Fir Tight Knot Appearance KD S1S2E boards.

Sawn and kiln dried as a 1" board, these products are more stable than simply resawing 2" dimension and moisture content is uniformly in the 12-15% range.

A cost effective alternative to Cedar, this material can provide a beautiful knotty appearance with savings between 30 – 40%. All boards are 7/8" thick with a consistent Rougherhead finished face.

Available in a variety of sizes and lengths and packaged in convenient half-packs this product line yards easy with limited investment for maximum profit return.
