

TRU-PINE STRUCTURAL PRE-PRIMED EXTERIOR POSTS & BEAMS

Tru-Pine[®] is manufactured from Radiata Pine from New Zealand plantation forests. It is finger jointed and laminated* for defect free strength and straightness, treated to withstand termites, rot and decay and delivered primed and undercoated. Tru-Pine[®] is a premium quality timber ideal for outdoor use and is structurally graded and surfaced four sides, with eased edges and pre-primed for easy painting.

Tru-Pine[®] is pre-primed and ready to paint. The posts are for ground contact and hold a lifetime warranty. All beams, rafters and purlins are above ground and have a 30-year warranty.
